

MICHIGAN DEPARTMENT OF NATURAL RESOURCES

INTEROFFICE COMMUNICATION

November 16, 2015

TO: Grant-in-Aid and State Harbors  
FROM: Jacklin Blodgett, Administrative Services Section Chief  
SUBJECT: 2016 Rates for Michigan State Waterways-Sponsored Facilities

A handwritten signature in black ink, appearing to read "Jacklin Blodgett".

Attached are the 2016 rates for Michigan State Waterways-sponsored facilities. There were no changes from the 2015 rates.

If you are a community which has a Waterways sponsored facility, per your agreement with the Department of Natural Resources (the Department), you are required to provide your rate Schedule. The rate schedules in this attachment provide the parameters for which the Department considers acceptable rates. Please communicate back to the Department on which Column your Transient (A-F) and Seasonal, if any, (1-10) rates are for the 2016 season. Please send those rates to Mike Kraft, Department Analyst, at [KraftM@michigan.gov](mailto:KraftM@michigan.gov), or (517) 284-6108.

We recognize that there are some alternative rates to these schedules which are in place. Please communicate back to us regarding these changes.

A couple of other notes:

*Transient Rates:*

1. You have the ability to set your rates based on what you feel works best for your community/facility. Once you have identified the rate, please forward this information back to Mike Kraft in order to track which column your facility is operating from.
2. If you are on the Central Reservation System (CRS), it is imperative that you get your rates in to Christa Sturtevant, CRS liaison ([sturtevantc@michigan.gov](mailto:sturtevantc@michigan.gov)) or (231) 861-2703, to ensure that inventory is properly covered within the reservation system. This is in addition to notifying the Department.
3. Transient rates are based on the length of the boat. Last year, the transient rates were based on the length of the slip. The change was made under advisement of both the Michigan State Waterways Commission, community and State facility marina operators and general feedback by the boating public. More information can be found in review of the minutes from the Michigan State Waterways Commission.
4. You can adjust your transient rates within the season if you feel inclined to do so. If you are a member of the CRS through the Department, this information would be required as part of your beginning inventory. If you are not on the CRS, you can make the

adjustment according to your needs. Again, please notify Mike when you plan on having a change so we can track these efforts on a statewide basis.

5. If you have further questions regarding how rates work in the Central Reservation System, please contact Jason Fleming, Resource Protection and Promotions Section Chief for PRD, ([FlemingJ@michigan.gov](mailto:FlemingJ@michigan.gov)) or (517) 284-6098 office; (517) 390-6726 cell.

*Seasonal Rates:*

1. All grant agreements require Department approval for seasonal slips. The Department has approved the number of seasonal slips, unless there is a conditional term placed on the approval, the community/state facility can use that number for seasonal slips indefinitely unless otherwise noted by the Department. Please indicate with Mike the number of seasonal slips at your facility.
2. As with transient rates, you are allowed to charge the appropriate rate that best fits your amenities/needs of your facility, as long as you are approved to have seasonal slips.
3. You are required to send us your rate schedule for seasonal slips. Unless there are extenuating circumstances to go outside of these attached rates, we consider any rate move within this amount to be acceptable. Consideration should be given for private marina impacts so that municipal and state facilities are not in adverse competition with these locations for seasonal dockage.
