

“DELTA WIDE RECYCLING” DWR DO WHAT’S RIGHT!

Items to Recycle

How to Prepare

Please DO NOT Include

Aluminum Cans

Rinse well; do NOT crush

Foil; pie tins

Steel Food Cans

Rinse well; labels may stay on

To recycle cover, place inside of can and crush

Aerosol Cans

MUST BE COMPLETELY EMPTY;
Remove plastic lid unless it's part of the can; do NOT remove nozzle

NOTE: a magnet will “stick” to steel, but not aluminum

Plastic Bottles

Rinse well; remove caps, look for the number inside recycle arrows

We ONLY except #1 and #2 plastic, no other numbers are accepted.

Newsprint, Phone Books, Magazines, Catalogs, Paper Back Books

Keep dry; remove/discard phone book covers; bundled preferred, or bagged

Tissue products; contaminated paper; nothing from your bathroom

Office/Mixed Paper

- Copy paper
- Computer paper
- File folders
- Envelopes
- Letterhead
- Forms

Bag if pre-shredded; staples and paper clips allowed

Absolutely NO carbon paper, wax paper, transfer paper, tissue paper, paper toweling, label backing sheets, books, metals, plastic, rubber bands, or food wrappers

Corrugated Cardboard Only!

Remove/discard paper or plastic liners; flatten and bundle

Food contaminated cardboard, wax coated boxes, juice boxes, milk cartons, cereal/cake mix boxes, soda/beer cartons

ATTENTION: Used syringes and lancets are NOT recyclable. Place in plastic or metal container. Be sure to reinforce the lid cover with duct tape. Label the full container “sharps” and discard with your household waste.
