

## **FIRE PITS & PORTABLE OUTDOOR FIREPLACES**

Portable outdoor fire containments (fireplaces/fire pits) shall be used in accordance with the manufacturer's instructions and shall not be operated within fifteen feet (15') of any structure or combustible material (a fence, for example).

Outdoor fire containments shall be constantly attended until the fire is extinguished. At least one fire extinguisher or other approved on-site extinguishing equipment such as a garden hose or water barrel, sand, dirt, etc. shall be made available for immediate utilization.
