Demolition permit fee is \$25. If the building requires the abandonment of private sewer connection, a deposit of \$350 is required. If the building requires the abandonment of private water line connection, a deposit of \$350 is required. If the demolition or abandonment of any building, private sewer connection or private water connection requires the removal and/or replacement of hard and/or soft surfaces (i.e. asphalt, cement, grass, etc.), a deposit of \$350.00 is required.
